Fiscal Management

Funding Channel

AB104 legislation states that each Consortia may decide to designate a fiscal administrator to receive and distribute AEBG funds. If a member agency is chosen to be the fund administrator, the member shall commit to developing a process to apportion funds to each member of the consortium pursuant to the consortium's adult education plan within 45 days of receiving funds appropriated for the program. This process shall not require a consortium member to be funded on a reimbursement basis.

Please select the option that best describes how funding should be disseminated to your Consortium from the state.

- The consortium has designated a fiscal agent
- The consortium has chosen direct funding

Fiscal Agent

South Orange County Community College District

Rationale

Provide details regarding the rationale for your fiscal structure decision. How did you arrive at the decision? What were the overwhelming benefits to using this structure?

The consortium has designated the South Orange County Community College District (SOCCCD) as its Fiscal Agent. The rationale for this fiscal structure and decision is that both participating community colleges are housed within the South Orange County Community College District. The overwhelming benefits to this structure are that all fiscal processes will be consistent & streamlined, providing continuity for the colleges' and unified school districts. The District's existing accounting procedures and fiscal practices, policies, its ability to maintain and provide all reports, management of grant funds, all within an infrastructure to ensure state, federal, and grant compliance and proper accounting practices.

Fiscal Management Approach

Whether using a fiscal agent or direct funding model, describe how you are fiscally managing your block grant. How are you rolling up grant expenditures to report to the State?

Fiscal agent: SOCCCD will continue receive the funds from the state and set up Memorandums of Understanding /Agreements with Member districts and agencies. SOCCCD will continue to manage fiscal reports and certify them for the state. Member districts will receive their funds from the Fiscal Agent through direct allocation. Subsequent direction of funding will be further described in partner MOUs/Agreements as it pertains to the allocation and use of funds in the southern region of the consortium. SOCCCD will contract with a certified compliance officer to ensure that all program expenditures are allowable within program regulations.

SOCCCD will act as the pass through entity to ensure funds are allocated and disbursed per state and consortium guidelines to ensure grant, institutional, and student success. Agreements will be maintained to ensure compliance, transparency, and greater understanding and conformity across agency members. SOCCCD Colleges (Irvine and Saddleback) will receive an allowable indirect fee of 5% to cover all fiscal, reporting, grant related management, and administrative tasks/costs.

The block grant allocation is being fiscally managed in compliance with all OMB and AEBG regulations for allowable and unallowable expenditures. Expenditures from grantees are being accounted for and rolled up through the SOCCCD Office of Business Services. Both the SOCCCD and the individual grantees are using common break out budgets and expenditures by member to keep internal accounting procedures clear. Established object, program and objective codes are also being used.

Consensus and Approval

Describe how you arrived at consensus and approval of the allocations provided in the table above.

Grantees under this project have ample opportunities to discuss the allocations under this grant. Our meeting minutes of the consortium provide evidence of these opportunities and the approval of funding allocations by the parties involved in the project.

The Consortium Allocations for 2015-2016, 2016-2017, and 2017-2018 were made by the Superintendents from the K-12 Districts and were submitted into the Governance Plan which received consensus at the time of submission to the state. Individual Memorandum of Understanding have been issued by and between SOCCCD and the individual school districts and adult schools involved to ensure fiscal compliance and understanding of CCCCC regulations.

Certification and Submission

Consortia must obtain signatures from each participating Member Agency certifying their acknowledgement and approval of the annual Member Allocations provided herein. The AEBG Web Portal provides two options for submitting these signatures:

1. Digital signatures may be submitted directly by clicking on the signature blocks below, and signing using a stylus or mouse; or

2. Consortia may alternately provide a scanned printout of their approved CFAD, replete with Member Signatures, via the upload link on the Certification Page.

Please select from the following options:

- Print and Sign
- Digital Signature

Please note: your 2017-18 CFAD may not be processed until all signatures from Member Agencies have been provided.
