Narrative: The Imperial County Adult Education Consortium will continue to work collaboratively to allocate funds to support educational programs for adult learners in their community. We continue to focus our efforts on providing programs in the areas of ESL, HSE and HSD and exploring areas of potential growth such as CTE or other Adult Education Pathways. We continue to focus our efforts and resources to ensure that data collection systems are available to all members and utilized effectively to collect accurate data for reporting. Members are committed to continue working closely with our Community College partners to identify areas of collaboration and to provide adult learners and adult education staff information and support regarding postsecondary options and employment opportunities. We look forward to continue to professional learning opportunities for teachers, clerical staff and AEBG Leads in the area of leadership, collaborative professional learning, data collection, tracking and reporting, curriculum and instruction as well as resource and referral. In the process of developing our 3-year plan, we are developing additional plans to expand our program offerings in collaboration to serve more students. Additionally, members will work together to develop coordinated calendars and increased visibility online.
