Progress on many items related to the consortium - training, reporting, etc - were impacted in Q2 due to the Camp Fire. Paradise lost their school in the fire, Oroville Adult School Chico location became the temporary home for the Paradise Unified School District, and all of our partners tried to come together to assist each other and the various students impacted by the Camp Fire. Butte College and our program partners also experience closures during this time. We anticipate Q3 will be a flurry of planning for the consortium as we dive into the 3-Year Planning process, and begin to contemplate how best to address the impacts of the Camp Fire on our students and on our community.

Summary of Activities:

Held Quarterly Consortium Meeting, and initial 3-Year Plan Meeting. Attended AEBG data regional training in Red Bluff.

Due to the fact that the facilitation related to the Three-Year Plan did not commence until February, many of the anticipated expenses (supplies and services) will be moved to Q4. In addition, the Fiscal Agent will attend CCCAOE conference in April as a related expense, and other Professional Development opportunities as they arise.

Summary of Activities:

The Butte-Glenn Adult Education Consortium met in February and March to begin the planning process for the development of the Three-Year Planning document. In addition, members participated in webinars related to Adult Ed, and completed necessary reports related to student data. The Fiscal Agent also continued to keep consortium members updated on items related to NOVA reporting requirements and other Adult Ed related topics.

There is a large balance in the 5000 account. These funds are going to be utilized toward regional marketing for the Butte-Glenn Consortium. We anticipate marketing activities to begin in Q1.

Summary of Activities:

The Butte-Glenn Consortium spent the majority of Q4 focused on the completion of the Three-Year Strategy. This entailed meeting every couple of weeks, obtaining background data and input for the meetings, and facilitating the development of goals, objectives and implementation measures. In addition, the consortium continued to discuss ways in which Adult Education in the region can help alleviate some of the impacts of the Camp Fire on students, the consortium, and the community.
