05 Greater Opportunity Through Adult Learning

Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 05 Greater Opportunity Through Adult Learning

Funding Channel: Direct Funded

Narrative: Our 22-23CFAD is aligned with GOAL's 3 Year Plan with considerations and additional programming and activities to support our students during the COVID-19 pandemic and digital literacy needs and access to support services. The overarching concept and vision of our Consortium work will be focused on the development of Adult Career Pathways a coherent, articulated sequence of rigorous academic and career/technical courses from adult school to an industry recognized certificate, CTE certificate associate degree, and/or licensure. An Adult Career Pathway focuses more on the special needs and circumstances of adults, especially those who were not initially successful in public education. The target population of Adult Career Pathways include demographics such as high school dropouts, secondary graduates (high school diploma or equivalent) with no college, immigrant adults, previously incarcerated, re-entering workers, and employed persons looking to up-skill. Our consortium intends to accelerate learning and produce college and workforce-ready graduates. CTE courses utilizing accelerated IET curriculum such as and IBEST and IELCE models, will continue to be piloted and implemented in our consortium. To address the need to create bridge programs and develop pathways to college and workforce, we propose to pilot career pathways from the adult school to the college in the following sectors: Allied Health/Community Health Worker Early Childhood Education Agriculture & Natural Resources Hospitality, Tourism & Recreation Information & Communication Technology Manufacturing/Construction/Transportation To support Adult Career Pathways consortium members will develop career ladders within the adult school and that transition to community college or workforce. The GOAL consortium will continue its development of shorter courses and stackable certificates with workforce skill preparation, use of common assessment, and contextualized instruction and lesson planning with clear transition pathways. NonCredit and Credit programs that address adult education and literacy workforce preparation and workforce training for obtaining industry recognized and academic credentials will support our efforts. These industry sectors have been identified through LMI data and have demonstrable labor force needs/gaps. Our consortium hopes to leverage other services from the LWDB & CBOs supporting recruitment, wrap-around support services, and navigation to facilitate transition and track outcomes supporting these additional bridge programs. The key points that were considered for these career oriented pathways were the identification of current pathway alignment & integration of the two systems and how to expedite the transition of adult learners to postsecondary education or into the workforce. Faculty from both systems are learning about the existence of various programs in each of the respective programs, the unique challenges facing both and how to design and coordinate the planning process to better serve students.
