Corrective Action Plan

The bulk of these consortium funds given to the Bellflower Unified School District are for a counselor to help Adult Re-entry students transition to the community college. We have made several attempts to hire a guidance technician, but as we contract these technicians they are hired at full time jobs as counselors in the public school system. We have asked the district for guidance interns since we have been unable to find a guidance technician. Here is the action steps to meet expenditure targets. 1. Find and hire through the district a guidance intern by the second quarter of this year. 2. Open a GED class within the district funded through consortium funds for materials and supplies and other expenses 3. Continue creating bridge to community college experiences through field trips and visits using fund for transportation costs 4. Open consortium classes within the Bellflower Unified School District to serve populations such as ESL programs using consortium funds for supplies

Summary of Activities:

So far we have spent 3,200 dollars in the first quarter on BAYHA Group consulting.
