One of the Student Success Specialists employed through CAEP funding transferred to another position on campus. We have flown that position, interviewed and hired a new employee, so therefore expenditures will be back on track for Q2.

Summary of Activities:

Student Success Specialists and IVC admin met with all adult education program administrators and staff to establish goals for the 2019-20 year. Specialists conducted orientation workshops in which they collected information about students' goals and other pertinent data. As a result of the information collected, Specialists delivered customized follow up workshops. Data on the workshops is collected and disseminated at consortium meetings.
