Narrative: The Imperial County Adult Education Consortium will continue to work collaboratively to allocate funds to support educational programs for adult learners in the community. We continue to focus our efforts on providing programs in the areas of ESL, HSE and HSD and exploring areas of potential growth such as CTE or other Adult Education Pathways. We continue to focus our efforts and resources to ensure that data collection systems are available to all members and utilized effectively to collect accurate data for reporting. Members are committed to continue working closely with our Community College partners to identify areas of collaboration and to provide adult learners and adult education students information and support regarding postsecondary options, career exploration and planning, workforce readiness skills and employment opportunities. We look forward to continue to professional learning opportunities for teachers, clerical staff and CAEP Leads in the area of leadership, collaborative professional learning data collection, tracking and reporting, curriculum and instruction, distance learning, technology as well as resource and referral. We continue to look ahead and to develop our 3-year plan. Having just experienced this pandemic, we will use what we have learned to continue to support students in the areas of technology and other supports. We also continue to work on plans to expand our program offerings in collaboration to serve more students. Additionally, members will continue to work together to coordinate calendars, increase visibility online and in the community via various methods.
