Summary of Activities:

Delano Adult School continues to run the High School Diploma program, as well as the HSE preparation courses and has been working to increase enrollment and improve course offerings. Delano Adult School continues services as a Pearson Vue testing center for GED testing and HiSet to offer HSE certification. DAS offers multiple ESL courses from literacy to Advance. We continue working with Bakersfield College Delano for student transition. Our Welding Program is continuing strong offering NCCER certification to our students this year. Welding instructor and supplies for the program were purchased. Business Department continues to offer classes such as keyboarding, Microsoft Office Suite, Word, Excell, Access, Power Point, Payroll Accounting, Accounting Basic, General Office, including Ten-Key, Office and Filling Skill, and Workforce Readiness. Our Nursing Assistant training program has continue to be strong and graduating student .

I certify that our agency did not exceed the allowed indirect rate as directed in the Adult Education Program

Guidance: Yes

Summary of Activities:

In the wake of Covid 19 welding and CNA courses were immediately cancelled during March 2020. Other courses such as ESL, High School Diploma, High School Equivalency, and Business were available via distance learning. DAS purchase Burlington English licenses to provide distance learning to our ESL Population. Chromebooks are being loan out to students that need them to complete their courses.

Totals	\$281	\$2,657	10.58%	\$50,000	0.56%	\$49,719

Corrective Action Plan

The budget will be revised to break out benefits and the CASAS software cost of \$2500 which will be included in Capital Outlay. As we are in a startup phase, we will be staffing up as noted in the Summary of Activities below. This will increase operational costs as we proceed through the rest of the school year. Indirect costs and supplies/materials will also be adjusted accordingly.

Summary of Activities:

Inyo County Adult School is currently in a startup phase. Our ESL teacher is resigning in December due to family health concerns so we are looking for a replacement and also a second ESL teacher that can serve our clients in southern Inyo County. We plan to implement some components of the Los Angeles Unified School District's "Family Success Initiative" into our ESL program. Our teacher will focus on language building skills through the infusion and exploration of topics that will hopefully increase parent engagement and empower our adult learner parents as educational partners. LA Unified calls these units of instruction "parent education modules." We are also attempting to hire a part-time teacher and classified staff member that can help lead the startup of our diploma track program hopefully starting in January. There is no existing salary schedule for adult school so we are in the midst of developing one. Finally, we are examining potential co-location sites and strategies.

Corrective Action Plan

Additional staff was hired after Q2 and our program was only truly operational starting in January 2020. Additional costs like ESL curriculum, in addition to significant salary increased costs, will have us expending our entire budget and then some at the end of Q4.

Summary of Activities:

The ICOE Adult Education Program has been busy recruiting students for both our diploma and ESL program. We have recently been focused on marketing in the southern areas of Inyo County.

Corrective Action Plan

Funding stream timing and sources was not confirmed until recently so some expenditures have not been reallocated to adult ed. This will occur Q4 and will include total indirect costs.

Summary of Activities:

The ICOE Adult Education Program continues to enroll both diploma program and ESL students. The Plato curriculum has proven to be a solid platform for our students and provides the flexibility to address a range of credit needs while individualizing curriculum for our students. Our ESL program adopted Burlington prior to COVID-19, which was fortunate as this aided a smooth and efficient transition to distance learning with a new cohort of students. Despite the dislocation experienced because of COVID-19, we are still working diligently to set the the table for next year and look forward to continuing progress and improvement.

Corrective Action Plan

KCCD DO and member colleges fell behind in expenditures early on in the year due to the need of spending down funds from previous years and running into roadblocks in annual plan goals for co-location development. We are all meeting together this semester to discuss budgeting and planning expenses for the upcoming year in order to best serve all adult education students in our sub-regions.

Summary of Activities:

KCCD DO and College partners continued to work on the annual plan and 3-year plan activities in order to support our K-12 and COE members in best delivering Adult Education programs and pathways to non-credit college courses. We have supported students with learning hardware and software as well as support services for academic and career success. We will continue to build on our offerings and pathways with the success of this past quarter.

Corrective Action Plan

A program assistant position has been created and the process is in place to hire staff by November 2019. This person will facilitate continued promotion and growth of the program. In addition, phase II is underway to complete the original portables project and will add restrooms to the adult education area of campus. This project is expected to be completed in June 2020 at a cost of \$250,000.

Summary of Activities:

The McFarland Adult Education program continues to offer a high school diploma program (including GED/HiSET preparatory courses), a civics/citizenship course, a workforce readiness computer literacy course which includes keyboarding/10-key, Microsoft Office Suite, Google Suite, and basic Internet use/search, and an ESL course. We are working diligently to increase enrollment and improve course offerings. Active student/student enrollment is currently up at 50% over last year's enrollment, students are passing the U.S. Citizenship & Immigration Services test to be naturalized citizens and HSD students are steadily completing courses to meet high school diploma requirements. We continue to partner with Bakersfield College for student transition and tutoring as part of rural initiative goals. This semester Bakersfield College also offers a basic electronic course, a college level English course, and a Nursing Assistant training program, on the McFarland AEP campus.

Positions of Program Assistant and AE Office Clerk were filled in mid-November. An additional teacher was also added for the Spring semester due to increased student enrollments. Both of these changes will will increase salaries and benefits expenditures for 3rd and 4th quarters Phase II of the portables classroom project to complete the addition of restrooms in in process . Capital outlay budgeted funds will be expended near or at the end of project completion.

Summary of Activities:

McFarland Adult Education Program continues to provide courses for High School Diploma/High School Equivalency preparation, English as a Second Language, Citizenship/Civics Preparation, and Computer Literacy. Through collaborative efforts and a strong partnership, Bakersfield College continues to provide accessible resources to our students and a more seamless transition for college and/or career readiness. Bakersfield College also operates a Nursing Assistant class and a Early Child Care & Education certificate program on our campus. We have also partnered with California State University, Fresno to offer a certificate Computer Literacy course series which is also now in session.

Corrective Action Plan

Expenditures falling below target are directly related to the 6000 - Capital Outlay funding for Phase II of the Adult Education addition of relocatable restrooms. Completion of that project will depend on additional 2020-2021 funding. The project was halted due to COVID-19 related budget uncertainties. Other expenditures are as expected.

Summary of Activities:

McFarland USD Adult Education Program continues to offer a High School Diploma Program as well as HSE and GED preparation courses. We also offer two levels of English Language Acquisition classes, a business computer literacy class designed to improve workforce skills in Microsoft Office Suite and G Suite computing, productivity, and collaborative tools, and a Citizenship/Civics preparation course. Collaboration with Bakersfield College provides additional counseling, transition, and other support for students. Due to COVID-19, all courses moved to distance learning by incorporating Burlington Eng, Screencastify/Loom teacher videos, and Zoom/Google Classroom Direct Instruction. Staff professional development was provided as support and students were provided with a Chrome Book, if requested. Staff supported students in how to access ongoing online instruction. Enrollment, IT support, and other resources are now provided online at the school website. Prep for CASAS remote eTesting .

Corrective Action Plan

Expenditures falling below target are directly related to the 6000 - Capital Outlay funding for Phase II of the Adult Education addition of relocatable restrooms. The project was halted due to COVID-19 related budget uncertainties. As of June 2020, funding has remained stable and the project has resumed. The project is expected to be completed and this fund expended by 2020-2021 - 3rd Quarter. Other expenditures are as expected.

Summary of Activities:

In March, McFarland USD Adult Education Program moved to offer Distance Learning in all courses and Chrome Books with orientation are available to every student. We continue to offer a High School Diploma Program, English Language Acquisition, Computer Literacy, and Citizenship courses. The High School Diploma Program includes HSE and GED preparation courses. We also offer two levels of English Language Acquisition classes, a business computer literacy class designed to improve workforce skills in Microsoft Office Suite and G Suite computing, productivity, and collaborative tools, and a Citizenship/Civics preparation course. Collaboration with Bakersfield College provides additional counseling, transition, and other supports for students. A BC Certified Nursing Assistant class is located on campus. We are drafting a MOU to partner with America's Job Center to provide additional services.

Corrective Action Plan

Indirect costs will be accounted for during the last quarter. There is less teacher cost because hands on welding and beginning computers are temporally cancelled because of the shutdown. Also, the current lock down situation affects employee benefit amounts, supplies and materials and all operating expenses.

Summary of Activities:

In spite of the temporary confusion caused by the corona virus, Mojave Adult School continues with an on line diploma track (including counseling) and ESL on line using Burlington English. Unfortunately, beginning computers and welding have been cancelled for the months of April and May 2020, but hopefully both will begin with gusto in August 2020. Chrome books have arrived for students and we are in the process of checking those out to those in need. We continue to accept and sign up new students, and we continue to issue transcripts with "graduated" printed on them, we continue awarding certificates, and we await a time when we can experience them walking across the stage.

I certify that our agency did not exceed the allowed indirect rate as directed in the Adult Education Program

Guidance: Yes

Corrective Action Plan

In the wake of Covid 19 welding and computer courses were immediately cancelled in March 2020 causing fewer funds to be spent for salaries, benefits and for supplies. As soon as possible these classes will be continued along with the present on line ESL and diploma courses.

Summary of Activities:

In the wake of Covid 19 welding and computer courses were immediately cancelled during March 2020, causing fewer funds to be spent for salaries and for supplies. As soon as possible these classes will be continued along with the present on line ESL and diploma courses. With the cancellations of certain classes, MAS used the opportunity to hold ESL in both communities, and the diploma track courses, during the summer of 2020 online. This was a trial to learn the effectiveness of summer course attainment toward course completion and diplomas earned. This led to a further summer expense for three teachers and the career counselor wage, and the data is not yet complete, but we know students earned their diplomas, and many students earned credits toward graduation. The ESL students (along with the diploma students) received Chromebooks which they were allowed to use during the summer months for the use of Burlington English.

Corrective Action Plan

I am reconciling NOVA with my Fund 11 actual. Met with Veronica from TAP CAEP to be advised on procedure. Actual carry-over is more than was reported to NOVA.

Summary of Activities:

4000s are higher due to more ESL curriculum purchased at beginning of year as program grows through Employer collaboration.

Totals	\$238,050	\$0	100%	\$293,817	81.02%	\$55,767

I certify that our agency did not exceed the allowed indirect rate as directed in the Adult Education Program

Guidance: Yes

Summary of Activities:

Sierra Sands Adult Education program continues to run the high school diploma program through independent study, provide English language learner classes for our adult population. It should be noted that the slight overage in 2000 - Non-Instructional salaries is related to a 2% on schedule raise as negotiated with our Classified bargaining unit members.
