24 Lake Tahoe Adult Education Consortium

Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 24 Lake Tahoe Adult Education Consortium

Funding Channel: Fiscal Agent

Fiscal Agent: Not Selected

Narrative: Allocations remain consistent with our plans to focus on providing education, career, and transition services to adults in South Lake Tahoe and Alpine County. Given the somewhat unique nature of our consortium - primarily due to the lack of any pre-existing, adult education structures, we operate more like a micro workforce development with a heavy focus on transition services and support while utilizing the infrastructure of the K-12 system and the educational structure of the community college with the consortium staff providing services/support across member areas.

Changes: One significant change is that several members have determined that given the nature of our consortium, it now makes more sense for the consortium structure and staff to take more direct responsibility for running services in those member's area. When appropriate, the consortium will contract for additional supports and/or services from the member. This will improve efficiency and allow for better coordination and oversight of services and reporting. An additional change is the expansion of voting members to include our WIOA partners, as well as business and industry representatives. Given our unique approach in our communities, this expansion and broader voice is crucial to our long-term growth and success.
