Corrective Action Plan

COVID closures from mid-November through December reduced planned spending. Normal, in-person learning is expected to resume January 4th, 2020. Note: Expenditures in 5000 category were lower in Quarter 2 than in Quarter 1 due to a correction, NOVA would not accept a lower amount, once additional expenses are paid, this issue will be corrected at Quarter 3.

Summary of Activities:

CTE classes were negatively impacted by COVID closures mid-November through December. Prior to closures, the Computer/Business class was held 2x weekly, Construction Trades 2x weekly, and Welding 1x weekly. Diploma Gold continued to operate during the closures, either virtually or in small groups. Diploma Gold meets at least 3x weekly depending on student and course load.

We will run through the summer on Wednesday nights only 5:30 - 8:30. Covid shields have been added to the classroom to give students confidence in the safety of coming to class. Computer class will be adding an advanced class this summer starting in July. Numbers are small but attendance is steady and students are reporting that the knowledge they are acquiring is helping improve their job performance. Woodshop - Adam says students are continuing to work on and finish up projects.
