Corrective Action Plan

Gustine will begin to utilize its "supplies and material" as of 3/1/2020. Prior to this, no material or supplies for students or the school were bought because of the uncertainty of funding for the 2019-2020 year. All efforts to purchase much needed material for the remaining year will be placed during this month so that spending percentages are met and students received the support they need with the necessary supplies that are not currently available. One major item, a curriculum item, will be bought after district board approval since amount is over district requirements. Additionally, because of report errors, Gustine was not able to claim indirect for 2nd Qtr., non-instructional salaries, or additional instructional salary(PM).

Summary of Activities:

Second Quarter Expenditures includes instructional salaries(AM only), but no supplies or material or non-instructional salaries, or additional instructional salary(PM).

Supplies and Materials paperwork has not been processed at this time, although some supplies have been procured by the program. Our Fiscal Dept is working on processing payments so that the year's expenditures are properly claimed by 4th quarter. In addition, the indirect costs have also been omitted for the year and this will also be reflected in the last quarter.

Summary of Activities:

MUHSD made a expenditure transfer during the 4th quarter which put us negative spending for 4th quarter. Per email from CAEP you cannot have negative spending only 0 spending. In order to do this it was determined that we need to uncertify all the way back to the 2nd quarter to make the correct adjustments.
