Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 40 Education to Career Network of North San Diego County (Palomar/Vista)

Funding Channel: Fiscal Agent

Fiscal Agent: Not Selected

Narrative: The mission of ETCN has been to assist adult students in reaching their individual educational goals including career advancement, college preparation, workforce re-entry, and life enrichment. Together, we continue to work to leverage resources and increase collaboration and partnerships among providers of adult education and support services within the region. When the Leadership Council developed our three-year plan, we had agreed upon the priorities for funding and a timeline for implementation of activities to support the seven program areas and populations. Based on member self-assessments and survey results from key stakeholders, together with analysis of labor market data and local workforce current and projected needs, we have developed five overarching Smart Goals for 2019-2022. Each goal includes how they will be measured and the percentage increase we hope to obtain at the end of the next year three cycle: 1. Shorten the timeframe for students to successfully transition to post-secondary education and careers (by 25% as measured by professional development outcomes, new curriculum, new pathways, and student surveys.) 2. Increase successful student transitions to post-secondary education and careers (by 25% as measured by student interviews, data collected, and surveys completed.) 3. Incorporate the regular use of data in decision making (by implementing a digital dialogue as measured by professional development, professional learning community artifacts, and implementation protocols.) 4. Expand and enhance community and business partnerships and overall awareness of Adult Education in the region (through community forums, Strong Workforce Partnerships, Job Fairs, and cross consortia referrals as measured by professional development artifacts, agendas, event information, community surveys, and partnership lists.) 5. Promote healthy communities and civic participation through family literacy and immigrant integration efforts (through parent education and professional development as measured by class artifacts, survey results, professional development agendas, communications, and enrollment data). While much progress is being made to bridge the gap in a variety of areas that affect the ability for adult learners to reach their desired education and career goals, there is still much work to be done. ETCN will continue to work together as a consortium and with our community partners to ensure our students succeed at all levels, now and into the future. The distribution schedule follows this plan with only minor updates based on real costs and expenditures. ETCN will continue to work according to our plan with the same allocation amount for each agency plus the COLA adjustment from last year. All members reached consensus for funding the distribution schedule. Please note that the allocation for Vista Adult School (\$3,155,845) represents both the allocation to Vista Adult School (\$2,753,084) and to Vista USD as our fiscal agent (\$402,761). In order to avoid confusion, the ETCN Leadership Council elected NOT to distribute the fiscal agent portion across each member district.

Changes: The Leadership Council agreed by consensus that the allocation previously reduced from Palomar College for the Job Developer shared position to be re-allocated to Poway instead of distributing amongst the member districts in order to better serve member districts not equipped with designated student support personnel. Allocations were increased by the 2.29% COLA for each member district also agreed by the Leadership Council by consensus.
