Corrective Action Plan

The college's Noncredit Division remains committed and focused on increasing program activities among adult learners. Expanded professional development activities for adjunct faculty will enhance this group's ability to connect with students, as the design for instruction delivery remains in a remote/distance learning format, As plans develop for the return to face-to-face engagements, program activities, and supportive expenditures are expected to rise.

Summary of Activities:

All CAEP funds expended in pursuit of Annual Plan and Three Year Plan and according to CAEP state regulations.

Preplanned expenses varied from projected amounts due to reductions in programming cost due to Covid-19. Additionally, the in-person Fall semester was transitioned to distance education further reducing programming costs. The Pasadena Area CCD has developed a plan to leverage funds from its 20-21 to provide no-cost online programming for two CTE programs and expand the new PCC NW Adult Education complex. These expenditures will provide additional adult education options and complete spending of the 20-21 allocation. Funds will also be used to cover the cost of intake coordinators to follow up on potential student inquiries submitted through our online outreach.

Guidance: Yes

Summary of Activities:

All CAEP funds expended in pursuit of Annual Plan and Three Year Plan and according to CAEP state regulations. Object Code 7000 is a journal entry to address discrepancy that was created with previous PAC Board and under previous PAC Representative administration of CAEP funds. The reason this discrepancy occurred because the previous PAC Board created an onerous Fiscal Agent situation where members had to invoice for every expenditure, instead of setting up a passthrough of CAEP funds.
