## 46 About Students Regional Consortium, Riverside

### Allocation Amendment Summary

#### Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

**Consortium Name:** 46 About Students Regional Consortium, Riverside

**Funding Channel:** Direct Funded

**Justification:** Not Complete

**Narrative:** The ABOUT STUDENTS Consortium allocation distribution aligns with the annual plan focusing on maintaining members' program offerings in adult basic education, English as a second language, adult secondary education, and short-term career technical education. Member providers will offer learning opportunities by delivering instruction through in-person, distance learning and hybrid models, expanding classes available to the community based on demand and local allowable guidelines. Additionally, consortium members will continue to increase short-term Career Technical Education programs, and improve outreach and communications to prospective students and the community addressing gaps in accessibility and efforts of economic recovery for the community. Members of the consortium are committed to data-driven decisions which will support literacy and digital skill development for students and broaden workforce and post-secondary education opportunities. Continued efforts to ensure equity for all populations, consortium members will continue to leverage the strength and resources of community partners through projects and networking. Adult education providers will continue to explore and provide additional opportunities to serve students who need workforce preparation, post-secondary transitions, and support for k-12 success. The regional data analysis demonstrates the need for additional services in areas lacking adult education services, which increased during the pandemic and economic downturn in California. As identified in the 2019-2022 3-Year Plan, the ABOUT STUDENTS Consortium goals are: 1. Strengthen industry and community partnerships and short-term CTE program offerings. 2. Strengthen the consortium's approach to connection with students, potential students, and the community at large. 3. Increase student success by clarifying pathways, expanding opportunities (e.g. articulation, certificates), and supporting students in achieving their goals. 4. Improve data collection and reporting practices to more accurately capture student performance and member/consortium effectiveness. The 3-Year Planning process has identified goals and strategies for regional focus and activities that members will engage in to build cohesive efforts and increase services.

**Changes:** No Changes
