56 Santa Monica Regional Consortium for Adult Education

Fiscal Declaration - Consortium Approved

Consortium Name: 56 Santa Monica Regional Consortium for Adult Education

Funding Channel: Direct Funded

Narrative: The planned CAEP allocation is consistent with the SMRC for Adult Education current three-year plan and annual plans as funds will be utilized to continue to support noncredit and adult education marketing and outreach, partnership discussions and collaborative programs, curriculum development and alignment, digital literacy, technology, virtual and in person student support services, professional development, and staff support to fulfill SMRC for Adult Education activities in alignment with CAEP objectives. Thus, the SMRC for Adult Education seeks to become the regional hub for literacy, secondary education, and workforce preparation for adult learners. Through basic skills and vocational education, training and support services that align with the SMMUSD/Adult Education Center and SMC Noncredit Programs, and in collaboration with regional community and industry partners i.e. AJCC/JVS WorkSource Center in Culver City and the City of Santa Monica adult learners will be provided services and academic programs for career development, college preparation, and job placement. Through short-term vocational and workforce preparation training, adult learners will become prepared for mid-level or higher employment in high demand/high growth industries. The Consortium will explore and potentially develop robust short-term vocational, ESL, immigrant education, workforce skills for disabled learners and English and math (ASE) to meet regional workforce needs to aid the regional economic recovery efforts. With continued efforts in marketing and outreach opportunities (virtual and in person), coupled with intentional collaborative efforts with key partners, the Consortium will continue to increase program awareness and growth. Existing and emerging programs will be strengthened by consortium members' collaborative efforts with support from teachers/faculty in various disciplines/departments as well as support and referrals from/to community and industry partners. The Consortium will continue to operate in alignment and share performance/outcomes data to better inform instruction and student services in order to ensure accelerated progression through all programs and will hold joint professional development opportunities to help inform those efforts. The Consortium seeks to increase adult learner employment through assessment, orientation, counseling and follow-up services provided by student services; development and implementation of CAEP noncredit allowable curriculum/programs; and creation of new career pathways from SMMUSD-AEC basic skills and secondary education to SMC noncredit and/or credit programs ultimately to career. Consortium members will operate with the goal of sustained integration of services between its member organizations. Allocation will be divided equally between both members.

Carryover Threshold

Input a percentage of carryover that your consortium agrees will be considered an excessive amount.

Should a member, or members, exceed this carryover percentage upon certification of their Q4 report, they will be flagged as non-compliant with the AB 1491 legislation. One year of non-compliance does not carry a penalty. However, should the same member, or members, have two consecutive years of non-compliance the consortium may agree, by majority vote, to reallocate an amount that does not exceed the carryover to other members.

A consortium does have the ability to opt-out. To do so, simply toggle the carryover threshold button to the off position.

Consortia Report on Governance Compliance of Rules and Procedures v.2

1. Have all community college districts, school districts, county offices of education, or any joint powers authority, located within the boundaries of the adult education region been allowed to join the consortium as a member? *

Yes

2. Have all members committed to reporting any funds available to that member for the purposes of education and workforce services for adults and the uses of those funds? *

Yes

3. How will the available funds be reported and evaluated? *

Each member is responsible for preparing budget reports to distribute and discuss at each public general consortium meeting. Additionally, at the end of each semester each Co-Director is responsible for providing the general meeting a presentation on the progress of activities and expenditures.

4. How will you assure that each member of the consortium is represented only by an official designated by the governing board of the member? *

Each member district (SMC and SMMUSD) is represented by one Co-Chair, one Co- Director, Co-Faculty Lead, and one Administrative Assistant or clerical staff. Generally, the Co-Chairs are the Dean of Noncredit (SMC) and designated SMMUSD

administrator determined by the SMMUSD Assistant Superintendent; the Co-Project Directors are the Project Manager of Noncredit Initiatives (SMC) and the Principal of the Adult Education Center (SMMUSD); Faculty Leads includes one noncredit faculty (SMC) and one adult education teacher (SMMUSD); and the Administrative Assistants or clerical support staff are classified professionals directly supporting noncredit (SMC) and adult education (SMMUSD) administrators.

It is suggested that whenever possible Board Members strive for unanimous decisions as a demonstration of consortium cohesion and collaboration. Decision making is through consensus. Discussion of issues continues until all members are able to accept the decision. If, for any reason, consensus is not reached:

- a) The Co-Chairs will be charged to negotiate a solution.
- b) The Co-Chairs will bring back resolution to the remaining Governing Board Members for consensus.

6. What will be the relative voting power of each member? *

1 member = 1 vote

To assure that guided principles are adhered to for all decisions:

Meeting agendas and supporting documents will be disseminated to all interested parties with the explicit intention of eliciting public comment.

Intentional outreach to community partners and industries is made to encourage their participation in general consortium meetings. The structure of these public meetings is designed to engage all participants in dialogue and decision making. For those parties that are unable to attend public meetings, partners are encouraged to meet with governing board leadership. Information and planning made in these separate meetings is discussed at the future general meeting.

13. How will you determine approval of a distribution schedule pursuant to Section 84913? *

As a direct funded consortia, individual members are responsible to oversee their funds based on the approved distribution schedule.

14. Has the consortium A) designated a member to serve as the fund administrator to receive and distribute funds from the program or B) chosen to have a funds flow directly to the member districts based upon the approved distribution schedule? *

18. How does your consortium define member effectiveness? *

Member effectiveness is defined as each member agency having designated officials in the roles of Co-Chair, Co-Director, Faculty-Co Leads and having those representatives be active in decision making and activities of the Santa Monica Regional Consortium for Adult Education. As a direct funded consortia, each member is responsible for the monitoring and timely submission of financial and programmatic reports.
