56 Santa Monica Regional Consortium for Adult Education CERTIFIED

Allocation Amendment: 2023-24

Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 56 Santa Monica Regional Consortium for Adult Education

Funding Channel: Direct Funded

Narrative: The planned CAEP allocation is consistent with the SMRC for Adult Education current three-year plan and annual plans as funds will be utilized to continue to support noncredit and adult education marketing and outreach, partnership discussions and collaborative programs, curriculum development and alignment, digital literacy, technology, virtual and in person student support services, professional development, and staff support to fulfill SMRC for Adult Education activities in alignment with CAEP objectives. Thus, the SMRC for Adult Education seeks to become the regional hub for literacy, secondary education, and workforce preparation for adult learners. Through basic skills and vocational education, training and support services that align with the SMMUSD/Adult Education Center and SMC Noncredit Programs, and in collaboration with regional community and industry partners i.e. AJCC/JVS WorkSource Center in Culver City and the City of Santa Monica adult learners will be provided services and academic programs for career development, college preparation, and job placement. Through short-term vocational and workforce preparation training, adult learners will become prepared for mid-level or higher employment in high demand/high growth industries. The Consortium will explore and potentially develop robust short-term vocational, ESL, immigrant education, workforce skills for disabled learners and English and math (ASE) to meet regional workforce needs to aid the regional economic recovery efforts. With continued efforts in marketing and outreach opportunities (virtual and in person), coupled with intentional collaborative efforts with key partners, the Consortium will continue to increase program awareness and growth. Existing and emerging programs will be strengthened by consortium members' collaborative efforts with support from teachers/faculty in various disciplines/departments as well as support and referrals from/to community and industry partners. The Consortium will continue to operate in alignment and share performance/outcomes data to better inform instruction and student services in order to ensure accelerated progression through all programs and will hold joint professional development opportunities to help inform those efforts. The Consortium seeks to increase adult learner employment through assessment, orientation, counseling and follow-up services provided by student services; development and implementation of CAEP noncredit allowable curriculum/programs; and creation of new career pathways from SMMUSD-AEC basic skills and secondary education to SMC noncredit and/or credit programs ultimately to career. Consortium members will operate with the goal of sustained integration of services between its member organizations. Allocation will be divided equally between both members.
