62 South Orange County Regional Consortium (SOCRC)

Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 62 South Orange County Regional Consortium (SOCRC)

Funding Channel: Direct Funded

Justification: After much thoughtful discourse over the past eighteen or more months, the members of the South Orange County Regional Consortium (SOCRC) made the decision to switch from Fiscal Agent to Direct Funding for the consortium. The Executive Committee surveyed consortium member agencies regarding their funding channel preferences and the fiscal needs of their agencies, discussed the pros and cons of each funding model at their monthly meetings, and provided fiscal information on how switching funding channels would impact each agency. At their regularly scheduled and publicly announced meeting held on Monday, April 26, 2021, the consortium members voted (8 aye/1 abstention) to change from Fiscal Agent to the Direct Funding model. Under AB104, Article 9, Subsection 84194, (b) (1) (A), the allocation of a member who no longer wishes to provide services consistent with the adult education plan can be reduced. SOCCCD received an allocation as the fiscal agent. Since the consortium voted to change to a Direct Funded model, SOCCCD will no longer provide said services and relinquished their allocation to be redistributed to the remaining service provider agencies within the consortium. Prior to this decision, member agencies reviewed and discussed the reallocation process, and determined that the percentage to total reallocation model would best serve the consortium. The reallocation model takes the five percent funding that was allocated to the SOCCCD and redistributes it to the member agencies as agreed and voted on at the SOCRC meeting on April 26, 2021. Saddleback College will become the certifying agency and requested \$121,375 in funding to handle consortium business. Irvine Unified requested and was given a classified coordinator position to support student success and transition at \$75,000, and College and Career Advantage requested and received \$25,000 to expand career education programming at the site. The balance of the funding from SOCCCD was distributed to the consortium members. No remaining member is receiving less funding than in prior years. Based on the mission and vision statements of the SOCRC, members created overarching goals, objectives and action steps that are included in the annual report and are directly related to the member allocations. All service provider agencies will present budget expenditure and service provision updates quarterly at the SOCRC meetings. Requests for large capital outlay or projects by any service provider member are also presented at the SOCRC quarterly meetings for review and approval.

Narrative: The SOCRC has taken a strategic alignment approach to spending planned allocations that is consistent with both our annual and three-year plans. Specifically, based upon our Mission and Vision Statements, the SOCRC members have created overarching goals, objectives and action steps that are directly linked to our resource allocations. Monthly member report-outs guarantee that we are all updated and aware of the spend downs by our individual members. Requests for large capital outlay amounts are required to be presented to all SOCRC members for review and approval. Any site that is having delays in spending allocated funds will report these delays and reasons at quarterly meetings. Our objectives and action steps are further tied to individual key performance indicators for the SOCRC. We have a bi-annual review of expenditures and open discussions pertaining to the return on investment of the funds. We continually remind our SOCRC members of the allowable and unallowable spending parameters prescribed by the California Adult Education Program. We will develop an orientation process for new members, including information on spending guidelines. We consult CAEP personnel to ensure that we are in alignment with our resource allocation and regularly attend the technical CAEP webinars, reporting back to our consortium members. SOCRC will hire an outside auditing firm to conduct a yearly financial audit as well.
