64 State Center Adult Education Consortium

Allocation Amendment Summary

Fiscal Declaration

The Fiscal Declaration information in this section has been provided as a courtesy. It has not been changed since CFAD has been approved by the Member Representatives.

Consortium Name: 64 State Center Adult Education Consortium

Funding Channel: Fiscal Agent

Fiscal Agent: Not Selected

Narrative: The State Center Adult Education Consortium (SCAEC) will begin the second year of our three-year plan. SCAEC members will continue to work in sub-regions to provide stronger collaboration between the adult schools and colleges within each of our four sub-regions. Our Transitions Team continues to rotate their time with each member as well as our Workforce partners within their specific sub-region. They work closely with college counselors and outreach advisors to provide a warm hand off to students and often support students from adult school to college and careers. We continue to hold quarterly data and accountability workshops to ensure that all of our members stay current on reporting. This model continues to be a success and participants appreciate learning and connecting with others in our Consortium. We continue to strive toward true pathways and our colleges are looking at ways to better support our adult schools. One college provides a designated coordinator to work with the adult schools in their sub-region and other colleges are considering this model. Members will continue to increase and maintain courses within the five program areas as outline in AB104 legislation and also work together on creating opportunities via SB554 for dual enrollment for adult education high school completion students. We will continue using Community Pro as the referral system between SCAEC and our Workforce partners. And our office continues to support members and our adult education community. We will continue to send out monthly newsletters and update our website in order to reach and serve more staff and students. Due to COVID-19, many courses have moved to online and all schools and colleges are doing their best to continue to serve students.

Changes: The COLA distribution will be divided among members as true COLA bases on the percentage that each member receives from the entire Consortium allocation. This year, each of our three colleges will have their own member area in NOVA so that they will be able to enter their own expenditures, budgets and work-plans. Madera Community College Center and the Oakhurst Community College Center will still be grouped with Reedley College until Madera Community College Center becomes an official college. The SCCC District Office will retain a small percentage for their activities and will be included with the Consortium office budget listed as State Center CCD in NOVA.
