Summary of Activities:

Expenditures for Supplies and Materials and other operating expenses and services are lower than normal. Instructional strategies are also lower than normal due to lower enrollment in the fall semester. It is expected that enrollment will increase as students are more comfortable using the newly purchased Chromebooks for Distance Learning during the spring semester. There is also summer school planned for 2021 which will result in increased expenditures on staff in addition to increased PD on Distance Learning.

Corrective Action Plan

Due to the concerns with COVID -19, all class were switched to remote/virtual for the fall semester. A plan was developed with the CTE teachers of skill based courses to return to in person classes January 2021 with a reduced number of students allowed to ensure social distancing and modifications to move to outside based classes were feasible. This will increase our expenses for 1000's and 3000's in Q3. Additional materials have been identified to allow for no sharing of materials and learning spaces (welding stations) during these classes which will increase our spending for 4000's in Q2 and Q3 as those classes prepare for resumption.

Summary of Activities:

Switched all diploma, citizenship and ESL classes to remote/virtual learning to address COVID concerns. Met with CTE staff and developed a plan to ensure social distancing for resumption of classes in Winter 2021.
