There will be additional classes added for Q4. There will be a CNA course, a Microsoft Office course and a Medical Interpreter course. Additionally, new chromebooks will be purchased as the current chromebooks are on a replacement cycle. Also, some of our invoices for the Truck driving program were paid after the end of Q3.

Summary of Activities:

During Q3, we offered the Truck driving course, GED (both in English and Spanish), ESL (Levels 1 & 2) and a Microsoft Office course.

Corrective Action Plan

Due to the COVID restrictions for face-to-face instruction during the first month of the school year. As restrictions are lifted we will be able to add more classes throughout the year.

Summary of Activities:

Primary spending was on personnel to open up the school, begin classes and begin student outreach to increase student attendance.

Summary of Activities:

Expenditures for Supplies and Materials and other operating expenses and services are lower than normal. Instructional strategies are also lower than normal due to lower enrollment in the fall semester. It is expected that enrollment will increase as students are more comfortable using the newly purchased Chromebooks for Distance Learning during the spring semester. There is also summer school planned for 2021 which will result in increased expenditures on staff in addition to increased PD on Distance Learning.

Corrective Action Plan

Due to the concerns with COVID -19, all class were switched to remote/virtual for the fall semester. A plan was developed with the CTE teachers of skill based courses to return to in person classes January 2021 with a reduced number of students allowed to ensure social distancing and modifications to move to outside based classes were feasible. This will increase our expenses for 1000's and 3000's in Q3. Additional materials have been identified to allow for no sharing of materials and learning spaces (welding stations) during these classes which will increase our spending for 4000's in Q2 and Q3 as those classes prepare for resumption.

Summary of Activities:

Switched all diploma, citizenship and ESL classes to remote/virtual learning to address COVID concerns. Met with CTE staff and developed a plan to ensure social distancing for resumption of classes in Winter 2021.

Corrective Action Plan

Due to the concerns with COVID -19, all class were switched to remote/virtual for the fall semester. A plan was developed with the CTE teachers of skill based courses to return to in person classes January 2021 with a reduced number of students allowed to ensure social distancing and modifications to move to outside based classes were feasible. This resumption occurred in January 2021 and has increased our expenses for 1000's and 3000's in Q3. Additional materials have been identified to allow for no sharing of materials and learning spaces (welding stations) during these classes which increased our spending for 4000's in Q2 and Q3 as those classes prepare for resumption. Two new programs are planned for the 2021-22 academic year and in preparation for those classes, some Professional Development will occur this summer in preparation for the new programs.

Summary of Activities:

Switched all diploma, citizenship and ESL classes to remote/virtual learning to address COVID concerns. Met with CTE staff and developed a plan to ensure social distancing for resumption of classes in Winter 2021. Welding Classes were restarted in January 2021 with a class size cap of 14 students to maintain small class size requirements due to Covid. Adult diploma classes will continue to use independent study model for the spring 2021 and for summer 2022. Planned out possible PD needs for the summer 2021 for program improvements and growths are being identified.
