Corrective Action Plan

Students were having trouble getting to and from classes as Butte Valley is located in a very rural destination with no public transportation. An AEP Coordinator will be hired and approval from CAEP was received to purchase an AEP vehicle to meet the transportation gap in services.

Summary of Activities:

GED prep was main focus

Corrective Action Plan

We will be starting a bus driver's training program which begins in the following program year (19-20). Once that training begins, our carryover will be utilized in full.

Summary of Activities:

Our main focus this year was on CTE. Our partnerships with local business industries has been very beneficial for our students. We partnered with Black Fox Timber Management and have 100% job placement for students after the 7 week training. We have also partnered with Mt. Shasta Ski Resort. Their focus is on resort operations, ski equipment operation and service as well as customer service that can be utilized within any market the student chooses to go into.

Guidance: Yes

Corrective Action Plan

We have shared expenses/licenses for the consortium and they were paid in the following year. We have since lined up all contract renewals to our fiscal year to make sure we have an accurate and easy view on expenses going out. We plan on reviewing our member effectiveness this year and coming up with a system to reallocate some funding to sites who are in need of more funding due to their innovative CTE programs.

Summary of Activities:

Coordinated with all sites. Helped build and bridge programs at each site. Cleaned up NOVA issues. Attended CAEP conferences.

Corrective Action Plan

There was a plan to potentially purchase a vehicle to help get students to the campus, but there needs to be more discussion on what that would look like. The site plans to expand ESL services and research ways to get more students on campus or utilize distance learning.

Summary of Activities:

ESL was main focus this year
